

McSWAIN UNION ELEMENTARY SCHOOL DISTRICT

Regular Board Meeting

February 9, 2016

FOR BOARD ACTION

Agenda Item: Accept Annual Review of Wellness Plan and Policy

Attachment(s): Wellness Plan and Policy

Discussion

Each year the board reviews the Wellness Plan that was created by the McSwain Student Nutrition and Physical Activity Committee. This committee is composed of parents, staff, students, nutrition personnel and healthcare professionals. The last time this was updated was a few years ago. We are undergoing a Federal and State Nutritional Compliance Audit this year and with the new Administration the plan was updated informally and is now being brought before the board for approval. This process will then be undertaken by Committee and updated on an annual basis as required.

Fiscal Implications

None

Recommended Action

The Superintendent recommends the Board accept the annual review of Wellness Plan and Policy.
